COLLEGE PROFILE

Guru Nanak College For Girls started in 1970 under the patronage of S. Parkash Singh Badal, former Chief Minister of Punjab, feeling the dire need of women education in the region of Malwa. In 2000, it was taken over by the Shiromani Gurdwara Prabhandak Committee (S.G.P.C.), Sri Amritsar, the supreme religious authority of the Sikhs. Affiliated to Panjab University, Chandigarh, the college is situated in the southern most part of Sri Muktsar Sahib in the vicinity of historic gurudwaras Sri Tibbi Sahib, Sri Rakabsar Sahib and Sri Datansar Sahib. The college has shown spectacular growth under the astute leadership and able management of Dr. Tejinder Kaur Dhaliwal, the Principal, a person with an exemplary vision.

The Department of Basic Sciences currently headed by Dr. Anita Rani (Assistant Professor in Physics), provides quality science education to the young women of the region; making them understand and explore the beauty and intricacies of the scientific as well as natural world around them. The Department strives to create human resources of outstanding caliber with high professional proficiency and expertise in various streams of science including Physics, Chemistry, Botany and Zoology. The department offers undergraduate programmes Medical and Non-medical Sciences and postgraduate programme in Physics.

ABOUT THE WORKSHOP

The Indian Association of Nuclear Chemists and Allied Scientists (IANCAS) (www.iancas.org) was founded in 1981 with an objective to popularize the beneficial aspects of nuclear sciences & applications of radiotopes/ radiations in science, technology, food, agriculture & health-care among the academic community. The workshop, which is partially sponsored by DAE-BRNS, will provide a forum for mutual interaction among the faculty of department of Science & Technology from various educational institutes and research organizations and experts from DAE. Eminent scientists from DAE & some other reputed institutes will be the resource persons in the workshop. Most of the lectures will be supplemented by laboratory experiments for the benefits of the participants. The program will also consist of a keynote lecture on DAE program, BRNS activities & research funding opportunities in basic and nuclear sciences.
