8. Outcome of the Activity: According to proposed plan department of sciences organised a Rangoli competitions covered under DBT Star College Scheme which was held on 15/03/2022 for the occasion of National Science Day. The Theme was "Scientific Rangoli" The objective of the competition was to Express Scientific knowledge in terms of colorful Rangoli and it had served up to the best, around 44 students from different states has participated in the event with full enthusiasm.

The competition was conducted to promote scientific drive in students in order to excel in their academics. It also enhances their confidence level to express their scientific knowledge in the innovative form competition as rangoli. This competition increased the scientific temper and innovative skills in the students. It was a kaleidoscopic experience for students

8. Outcome of the Activity: According to proposed plan department of sciences organised a Poster making competitions covered under DBT Star College Scheme which was held on 16/03/2022 for the occasion of National Science Day.

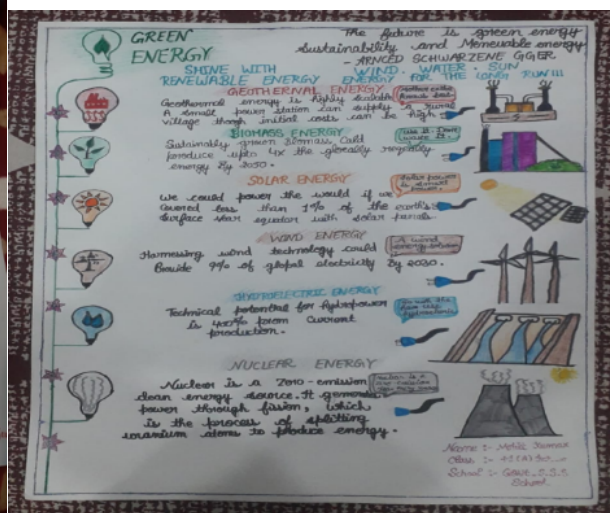

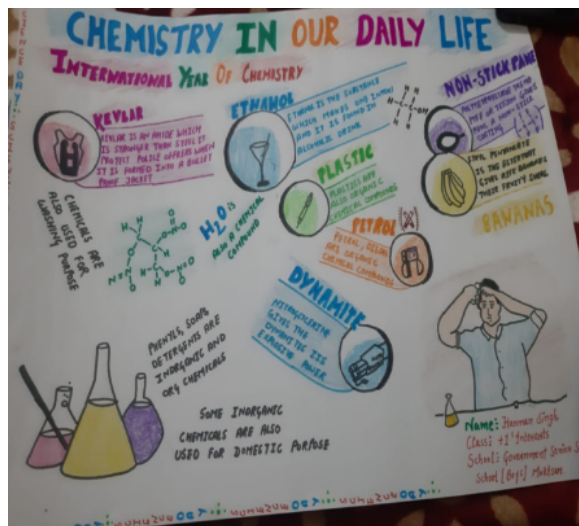

The Theme was " Chemistry in Daily life "

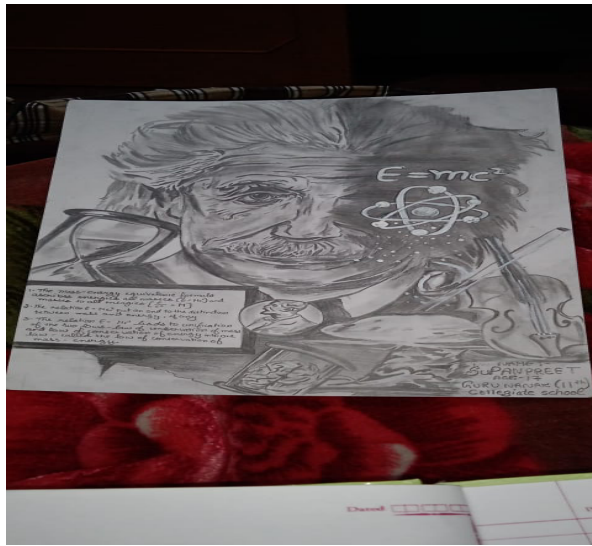

The objective of the competition was to correlate chemistry with

daily life and it had served up to the best, around 34 students from different states has participated in the event with full zeal. The students expressed their views and thoughts about the chemistry in daily life by drawing, writing slogans and quotes. One could see and feel the enthusiasm that the students had in their presentation. This activity kept the student engaged and it was organized to

explore and encourage creativity in students and offer them a platform to showcase their skills. It inspired them to think and work creatively in order to promote artistic excellence. They came up with amazing creativity. Their efforts and initiative was appreciated by one and all

8. Outcome of the Activity: There are 230 students participated in the online quiz competition. Quiz is based on the general aspects of Science and Mathematics. The participants have to answer 50 questions in 60 minutes of subjects Mathematics, Botany, Physics, Chemistry and Zoology (ten each). There are two types of participants school level and college level. Each question has 4 multiple choices. There is no negative marking

for wrong question. The participant who got maximum score in minimum time was the winner.
